

Newletter

Weekly News Week 9

Hello,

It is hard to believe that it is almost the end of Semester One. It has certainly been an educational, eventful and fun-filled semester.

Spelling

There will be no sound taught this week. Instead we will be using our dictionaries to find words and practise writing interesting sentences. We will focus on applying capital letters at the beginning of a sentence and a full stop at the end of a sentence. If you have not provided your child a dictionary yet, please do so. Thank you.

Maths

This week in maths we will be revising the concepts taught during the term. We will also continue to focus on general knowledge of mathematical facts, e.g. how many in a dozen? How many days in a week? How many months in a year? etc. We encourage you to revise these facts with your children at home regularly.

Readers

Children will not need to change their readers on Friday (last day of term). We encourage that children continue to read during the holidays with books that you may have at home or visit the public library.

Assembly

A reminder that our Year 1 Assembly is tomorrow, Tuesday 27th June. It begins at 2.25pm in the South Hall. The children have been rehearsing very hard and are very excited to perform for you. We look forward to seeing you there.

Class Party

The children have worked extremely well this term and have nearly earned all 5 bananas for our class monkey (not real). As a reward for their efforts we will be having a class party this Thursday the 29th June. Could all children please bring in a plate of food for this occasion. To ensure we have a balance of foods, can the girls please bring a plate of savoury food and the boys please bring a plate of sweet food. Please make sure any Tupperware containers, plates etc are clearly labelled with your child's name on it to avoid any confusion. Also, I will not have access to an oven so please do not send anything that requires cooking/reheating. As this will be a shared lunch children will not need to bring a separate lunch unless of course you want them to. If your child has allergies please come and see me prior to the day.

We would like to take the opportunity to wish you all a happy and safe holiday break. We look forward to seeing you all next semester.

Kind Regards,
Kimberley Helps & Amy Penna.

Take Note
